- Have you ever been advised of a flood management plan?

ONLY RECENTLY SINCE THE FLOODING

- Have you ever been asked to be on or involved with a Floodplain Advisory Committee?

NO

- What do you feel could have been done to make your area safer:-

- Before the flood Clean out rivers/creeks of overgrowth/debris/etc. especially bridge areas where water backs up more readily.
- During the flood NBS We have several huge fallen trees across Wright Creek Helidon
- After the flood BUILD MORE DAMS WITH ELECTRIC PRODUCTION HYDRO-POWER

- Other Questions or Statements.

① Federal & State govt part could be minimized allow local ~~govt~~ Authorities who better know the situation & how to best apply funds & works usually too much money goes to higher administration (wasted)

N.B. → ② WIVENHO DAM WATER RELEASE  
 Why not give this as free water to homes to water yards, wash, clean etc. This way it goes into the local ground to help percolate & not run off into the ocean without any real benefit.

③ BUILD MORE DAMS HYDRO-POWER

Ensure the questionnaire is filled out.

**PLEASE RETURN WHITE PAGES.**

- Do we need an early warning system for floods?  
*Good or better weather reporting should do well enough.*
  
- Have you ever been involved in a local meeting about flood early warning system?  
 NO
  
- Would an early warning system work? *yes to some extent, peopple are too often reluctant to leave their homes.*
  
- Had you been advised by Council, or State Government, the highest flood levels in your area? NO
  
- Had you ever received evacuation information for flood / landslides / fires?  
*Fires only, yet that is rather limited.*

Please turn over.
