PLEASE RETURN WHITE PAGES.

- Do we need an early warning system for floods?

We need something put in place to ensure what happened never happens again.

The freak of nature that did occur, nobody in their wildest dreams could have forseen it.

- Have you ever been involved in a local meeting about flood early warning system?

No.

- Would an early warning system work?

It would have to do more for the community instead of not having something in place.

- Had you been advised by Council, or State Government, the highest flood levels in your area?

Not advised.

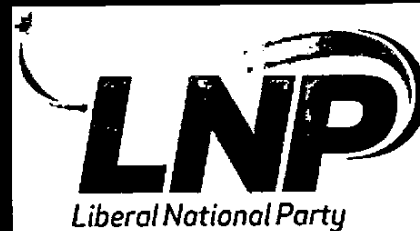

- Had you ever received evacuation information for flood / landslides / fires?

I have been in Brightview for 4 years and flooded in 5 times (unable to get out to Brightview Road).

I have never received any evacuation information. But I am fortunate that these times we have always been safe and only isolated for a period of time. Please turn over.

PLEASE RETURN WHITE PAGES

- Have you ever been advised of a flood management plan?

*Not since living at Brightview.*

- Have you ever been asked to be on or involved with a Floodplain Advisory Committee?

*No.*

- What do you feel could have been done to make your area safer:-

- Before the flood *Unsure what could be done to make it safer. We have been here long enough to make sure we have adequate supplies.*
- During the flood *Isolation is what directly affects us in this area where I live.*

- After the flood

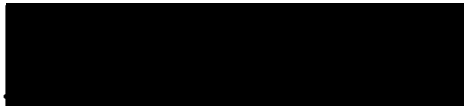

- Other Questions or Statements.

Ensure the questionnaire is filled out.

Complete cover sheet for submission.
