PLEASE RETURN WHITE PAGES.

- Do we need an early warning system for floods?  
 As internet users of 'Bom' site, we were able to keep track of rainfalls of Laidley Creek.  
 A similar system on Sandy Creek (Moon's Bridge) would - give - Forest Hill a more accurate assessment.
- Have you ever been involved in a local meeting about flood early warning system?  
 1/2/11 ?
- Would an early warning system work?  
 Yes. It would give residents in 'flood prone' areas time to move animals, vehicles & important possessions.
- Had you been advised by Council, or State Government, the highest flood levels in your area?  
 No. We did know through Local knowledge.
- Had you ever received evacuation information for flood / landslides / fires?  
 No

Please turn over.
