To the Commissionaire's of the enquiry into the 2011 floods in Qld.

In regards to the flood inundation of homes and city of Brisbane area. Back in 1968? ↔ 1972? the Qld Gov. commissioned the Qld University to produce a Map of flood prone areas in and around Brisbane. With the knowledge of that map the Qld Gov then sold all Government lands prone to flooding, instead of declaring those lands to be flood prone park lands, - allowed that land to be built on.

At the time I belived that to be an informed criminal act by the then Qld Gov.

[REDACTED]

I hope the Qld Gov. will now ~~be~~ take responsibility for its actions.

In all honesty I belive what I've written to be true and correct.
