• After the flood insurance payouts for all injured persons without delay.

- Other Questions or Statements.

most people have mobile phones and an early warning via Text could be beneficial. We need every resident to register for the system. Not for just floods by fire storms clear direction in the form of a flood evacuation plan for residents would help. SES did a great job and need to be better funded. We can learn from this and better prepare.

Ensure the questionnaire is filled out.
