

**IN THE MATTER OF  
THE QUEENSLAND FLOODS COMMISSION OF INQUIRY**

**A COMMISSION OF INQUIRY UNDER THE  
COMMISSIONS OF INQUIRY ACT 1950**

**AND PURSUANT TO  
COMMISSIONS OF INQUIRY ORDER (No. 1) 2011**

**FOURTH STATEMENT OF JOHN TIBALDI**

On the 14<sup>th</sup> day of April 2011 I, **John Tibaldi**, of C/- 240 Margaret Street, Brisbane, state on oath:

1. I am currently employed by Queensland Bulk Water Supply Authority ("Seqwater") as Principal Engineer, Dam Safety.
2. I refer to paragraph 9 of my third statement dated 11 April 2011.
3. The reference to a seven millimetre increase in storage level is a typographical error. It should have read a seven centimetre increase in storage level. A seven centimetre increase or decrease in lake level at this time or in the period leading up to this time would have had no impact on the decisions to release flood water that were made on 11 January 2011 and therefore would not have increased the flood peak in the Brisbane River below Moggill.

**SWORN** by **JOHN TIBALDI** on the 14<sup>th</sup> day of April 2011 at Brisbane in the presence of:

Deponent

Solicitor

**QFCI**

Date: 15/4/11

Exhibit Number: 54 *He*

Filed on behalf of: Queensland Bulk Water Supply Authority trading as Seqwater
