You wont know me but I am the GM of Seqwater's operational assets. I understand that Barton Maher has been talking to you regarding your assistance to review the report on the 2011 flood and the potential for you to be an expert witness if required. I cant contact Barton at the moment and I don't have your phone numbers to ring you personally. However, I would appreciate some time to call you to discuss expectations etc. Please feel free to call on below numbers or provide me with your contact details and I will call you

Many thanks for agreeing to help in the process

Regards
