Ms Jane Moynihan  
Executive Director  
Queensland Floods Commission of Inquiry  
GPO Box 1738  
BRISBANE QLD 4001

Dear Ms Moynihan

On Thursday 5 May 2011, I presented evidence at the Queensland Floods Commission of Inquiry.

I wish to identify timing information in my evidence which was incorrect:-

- In paragraph 30 on page 1307, my evidence indicated the River started to flood on Tuesday morning. I should have said on Wednesday morning the River started to flood.
- In paragraph 10 on page 1308, my evidence indicated on Tuesday morning the flood boat was used. I should have said on Wednesday morning the flood boat was used.
- On pages 1310, 1311 and 1312, when answering questions from Mr O'Donnell, my evidence indicated Tuesday 11<sup>th</sup> as the timing of my actions in the Bellbowrie area. It should have been Wednesday 12<sup>th</sup> for the various actions.

Please present my apology to Commissioner Holmes, Mr Callaghan SC, Mr O'Donnell and the Commission of Inquiry for providing the inaccurate dates, which I can assure you was unintentional.

Any inconvenience to the Commission of Inquiry caused by the provision of the inaccurate information is regretted.

Yours faithfully

Graham Smith
